

2010 Stonebrier Swim Team Sponsors

Purpose

The Stonebrier Stingrays Swim Team, a part of the North Atlanta Swimming Association (NASA), was formed in 2008 to promote the **FUN** of competitive swimming in Stonebrier at Sugarloaf. The goal is for each swimmer to develop confidence, discipline, a healthy body and good sportsmanship while competing as a swimmer on the Stonebrier Stingrays swim team. This goal resulted in an undefeated season our first year and an excellent showing at the NASA meet at the Olympic Pool at Georgia Tech at the end of the season!!

The team, financially, is self supporting, receiving no funding from the Stonebrier HOA, but from members participating on the team and from sponsors. A banner will be at the Stonebrier pool all summer and will be taken to all meets for the purpose of marketing our community and its sponsors. We also plan to print the team sponsors in our neighborhood newsletter, **The Stonebrier Crier**. Due to the size of our pool, it will be used for practice only and in our meets, we will be the "away" team at locations other than Stonebrier. Even so, the Stonebrier sponsors' banner will be hung at all of these meets in addition to being at the Stonebrier pool all summer.

Executive Board & Coaches

The swim team is governed by an executive committee, comprised principally of parent(s) of swim team members. The Head Coach of the team is Deb Carey, who has over 20 years of coaching experience and is also a full-time coach at Swim Atlanta. She is assisted by Assistant Coaches, who are in the latter stage of their high school career or in college.

The Team

The initial team for 2010, like 2008 and 2009, will be comprised of 80 - 100 members, with members from Stonebrier at Sugarloaf as well as surrounding areas. Those age groups that cannot be filled by our residents will be offered to non-residents after residents' registration is completed. Your sponsorship will be exposed to over 400 families from Gwinnett as well as North Fulton and Forsyth counties as meets are held in those locations.
